

Digi-Link Technology Solutions (Pvt) Ltd 2015

Our Business

- Consultancy Services in Information Technology Systems.
- Delivery of Internet value added services through enablement of existing and new communications and internet infrastructures.
- Resale, deployment and support of information systems.
- Sales, implementation and support of applications. The Company leverages off the resources of a very strong technical and business oriented team and works closely with strategic partners both locally and internationally to deliver a wide range of best of breed products and professional services.

The Mission

Digi-Link (Pvt) Ltd., is an IT Company committed to meeting the needs of clients as an owner, manager, consultant or partner through innovative services that enhance the delivery of quality ICT needs.

The Vision

Digi-Link (Pvt) Ltd., will be valued for its expertise in Internet Solutions, Multimedia & ICT Infrastructure and its ability to positively impact the delivery of ICT needs.

"I firmly believe that any organization, in order to survive and achieve success, must have a sound set of beliefs on which it premises all its policies and actions. Next, I believe that the most important single factor in corporate success is faithful adherence to those beliefs. And finally, I believe [the organization] must be willing to change everything about itself except those beliefs as it moves through corporate life."

(Collins and Porras 1991)

The Company

Digi-Link (Pvt) Ltd was formed in October 2006; Today, Digi-Link (Pvt) Ltd is reaching its tentacles throughout many vertical industries.
